Register today!

Amazingly, **THE ANTERNET** is not a guide, a planet, a collective or even a species. It is a place, a frequency, a trajectory in time and space. It surrounds all planets and has specific roles facilitating interplanetary and interspecies communication, creativity and travel. It is a place we need to know about. Become more oriented to key energetic paradigms that we will be using in the next few years.

Join us for this first ever, 12-hour on-line seminar where you will be educated about this place called THE ANTERNET:

Learn new energetic principles that will expand your intuition and ability to communicate beyond telepathy
Be introduced to how to access **THE ANTERNET** yourself and to expand your own horizons
Peak your scientific and energetic creativity by learning how we can use **THE ANTERNET** for exploration and travel to other dimensions, places and times
Discover the role that dragons, cats, amphibians, ants, whales, intergalactic species and dinosaurs share and how they are connected by the matrices of pyramids
Explore what happened to our 'non-existent tails' and why we have forgotten so much as we have evolved
Learn how to best optimize your neurological and hormonal health for this continued evolutionary shift
Be introduced to a gentler perspective of 'alien species' and how we are still in our 'learning phase' as human beings
Use this place in time and space to be connected, expand your own creativity and frames of reference

***In the future we ALL will be able to access and use THE ANTERNET.
... Are you one of the 10,000+ who are currently able to
instinctually perceive this frequency already?***

Internationally recognized intuitive **Lori Wilson** is your expert Guide on this adventure! She is no stranger to channeling and has taught foundation skills in intuition, channeling, medical intuition and regression for over 25 years. Her books, classes, radio shows and private consultations have touched the lives of thousands, spanning five continents.

It is time to share news about **- THE ANTERNET**. Lori has been oriented to this place in time and space and knows it is important that we all learn about the potential here. This is the first time channeled information has been offered to the public from any other source of wisdom other than her Shoshone Spirit Guide, Grandmother.

Join this grounded teacher who excels in breaking new concepts into learnable pieces. In all she does, Lori seeks to de-mystify that which has always been held as unreachable, undoable and mystical in nature. Register now for your adventure in welcoming this "new frontier" **- THE ANTERNET**.

Your Seminar will take the format of 12 consecutive 1-hour lectures. One new lecture will be posted each week on Fridays for 12 weeks starting Sept. 26, 2008. All lectures will remain posted on your Seminar log-in page so you can access them at your convenience.

Lori says "I have been drawn out of my comfort zone before to teach new material, and this is no exception. I have been bridging between the known and unknown my entire career. I am honored to be able to open this door to those who are ready, so we can understand that we are not alone, nor ever have been. Through shared awareness we can enjoy just how normal our expanded horizons can be!"
